Mr. Miller's legacy is well known in Georgia, but his accomplishments and charisma also earned him the respect of his colleagues across our Nation.

Once again, I want to wish a happy 85th birthday to Zell Miller and thank him for his contributions to Georgia and the United States. We can all learn from the great example of his dedication to the public.

CONGRATULATING RUTGERS SCARLET KNIGHTS MEN'S BASKETBALL TEAM

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, I rise today to congratulate the Rutgers men's basketball team on a tremendous accomplishment.

With their win last night over The Ohio State University, the Scarlet Knights celebrated their first Big Ten Tournament victory since joining the conference in 2014. Their hard work this season has paid off, and they now advance to play Northwestern tonight.

Mr. Speaker, I would like to congratulate the team, first-year head coach Steve Pikiell, and the entire Rutgers program.

Following their win, Coach Pikiell said that the team learned how to compete this year. Well, last night it certainly showed, and I look forward to watching the Scarlet Knights play tonight and wish them continued success in the tournament.

PAKISTAN IS NOT ON OUR SIDE

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of TEXAS. Mr. Speaker, it is no surprise Pakistan is not the friend they portray themselves to be. They are a devious, deceptive, and disloyal ally.

For years they have supported the Taliban by providing them cover, cash, and weapons. However, this Benedict Arnold ally is among the leading recipients of U.S. foreign assistance for the last 14 years.

Mr. Speaker, we don't need to pay Pakistan to betray us, they will do it for free.

The Taliban's headquarters is, you guessed it, in Pakistan. When a U.S. drone attack took out the Taliban's leader in May 2016, he was in Pakistan.

This should be the last rodeo for Pakistan. This is why I have introduced the Pakistan State Sponsor of Terrorism Designation Act. The bill requires the administration to issue a report containing either a determination

that Pakistan is a state sponsor of terrorism or a justification as to why it is not.

It is time to determine whose side Pakistan is on. And, Mr. Speaker, they are not on our side.

And that is just the way it is.

REPUBLICAN HEALTHCARE PLAN FAILS AMERICANS

(Mr. KRISHNAMOORTHY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KRISHNAMOORTHY. Mr. Speaker, the Republican healthcare plan would not only fail to improve upon the Affordable Care Act, it would undo the benefits millions of Americans depend on and devastate our economy in the process.

This plan would strip millions of working families of their health care, cut benefits for millions more, and increase premiums for older Americans by 25 percent. It would ravage our economy by destabilizing the healthcare sector and pushing State and local governments to the brink of bankruptcy.

Four Republican Senators have even rejected this bill because of its economically devastating Medicaid cuts.

The Republican plan would force the counties I represent to pay hundreds of millions of dollars more for health care.

This bill would force local governments to raise property taxes or deny health care.

We need healthcare solutions that improve care and strengthen our economy at the same time. We must not settle for this plan, which accomplishes neither.

HARDSHIPS FACED UNDER AFFORDABLE CARE ACT

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, I rise today to share with you one of the countless stories my office has received that highlight the hardships faced under the Affordable Care Act, primarily by middle-income families. This one came in on January 17. Joe writes:

"Mr. LaMalfa, I was penalized \$850 on my 2015 tax return for the transgression of not having been enrolled in the Affordable Care Act.

"I simply cannot afford the now \$895-per-month premium, double, to insure my family of three. I have been forced into what's called self-pay for our doctor visits.

"Cancer biopsies, Z-Packs, dental, and eyeglasses all come out of my paycheck . . . it sure would have been nice to have that extra \$850 penalty to pay for all this."

He ended his message stating, simply: "ObamaCare needs to be repealed and replaced with free market policies

that can be purchased across State lines."

His testimony highlights one of the primary issues with the ACA: fewer choices, increasingly expensive premiums, deductibles that are out of sight that are forcing citizens into paying out of pocket for services they need.

Another one of my constituents told me they were ultimately forced to choose between paying their mortgage and paying their monthly premium. That is not a choice at all, and one that should not have to be made.

REPUBLICAN HEALTHCARE PLAN WILL HAVE DEVASTATING IMPACT

(Mr. SUOZZI asked and was given permission to address the House for 1 minute.)

Mr. SUOZZI. Mr. Speaker, I rise in opposition to the Republican healthcare plan and its devastating impact. When it comes to the Affordable Care Act, I have always said: mend it, don't end it.

I came to Congress wanting to work together on a bipartisan plan that would build and improve upon the Affordable Care Act. Unfortunately, the plan the Republicans have offered and that is supported by the President was written in secret, kept under wraps, and is now being rushed through marathon subcommittee sessions so the American people don't have a chance to actually see what is in this bill.

Republicans refuse to wait for the Congressional Budget Office, a non-partisan group, to tell us how much their plan will cost and how many people will get thrown off their health care plans. Maybe that is because their plan offers tax breaks to the wealthy while the rest of us get stuck paying the bill.

Reductions proposed in this bill would result in over \$1 billion in cuts for New York State this year. Now the American Association of Retired Persons, the American Hospital Association, the American Medical Association, and a growing list of Republican and Democratic Governors throughout the Nation oppose this plan.

So instead of pushing through a bill that we know will result in rising premiums and throw people off their healthcare, let's come together and find a solution that makes sense for all Americans.

OPPOSING REPEAL AND REPLACE

(Mr. SCHNEIDER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SCHNEIDER. Mr. Speaker, I rise today in strong opposition to the repeal and replace bill offered by my Republican colleagues. I have never believed ObamaCare was perfect, but it was a step in the right direction.

We will only move our healthcare policy forward by working together to
